Registration Worksheet

Student Name: _____

Session Number: _____

Dates: _____

Please use this worksheet to decide what classes your child will take during a session before you register online. Before submitting your registration to us, double check that there are no gaps in your child's schedule and that no classes overlap. If you enter a class in one column, you should not enter a class in the other column that would conflict. For example, if a student will register for the three-hour class, do not enter a class in the left-hand column after lunch. Please remember to register your child for Extended Morning or Extended Afternoon (shown on this sheet) if your child will need to arrive early or be picked up late. If you have any questions, please feel free to contact us at (713)468-8211 ext. 3200 or at sarah.baker@duchesne.org.

7:30 - 8:30 Extended Morning

Girls Camp

This weekly program is for girls entering PK4 through Kindergarten. The 3 theme-based weeks will include integrated curriculum. Experience an enjoyable, fun-filled, nurturing atmosphere with arts and crafts, cooking, games, story time, music, sports, and splash days! Choose from full-day or half-day options. All students enrolled in Duchesne Academy's Heart of the Summer **must be completely potty-trained.**

Full Day (8:30 – 3:00) – \$385

Half Day (8:30 – 11:30) – \$275

Session 1: Zoolapalooza

Calling all party animals!! We welcome the Young, Wild, and Free to zoo camp where we will “Monkey Around” with crafts and books about the zoo...So, come and hang out with us!

Instructors: Catie Calderhead and Tina Ori

Session 2: Cruisin' the Tropical Islands

All aboard! We are cruising out of Port Duchesne on the trip of a lifetime! We will be visiting different tropical islands for some R&R and fun in the sun. You can look forward to adventures and excursions throughout the week. Pack your bags and see you there!

Instructors: Margaret Buza and Jen O'Hair

Session 3: Unicorns and Mermaids

Rainbows, sparkles, and lots of fun! It's unicorn and mermaid week and we hope you can come! Get excited for a magical end to the summer. P.S. Unicorns are real... A mermaid told me!

Instructors: Margaret Buza and Sarah Johnson

Boys Camp

This weekly program is for boys entering PK4 through Kindergarten. The 3 theme-based weeks will include integrated curriculum. Experience an enjoyable, fun-filled, nurturing atmosphere with arts and crafts, cooking, games, story time, music, sports, and splash days! Choose from full-day or half-day options. All students enrolled in Duchesne Academy's Heart of the Summer **must be completely potty-trained**.

Full Day (8:30 - 3:00) - \$385

Half Day (8:30 - 11:30) - \$275

Session 1: Animal Planet

Welcome to Animal Planet! Things are going to get wild this week with some animal themed activities. We will explore everything from the animals in the jungle, the sea, and even the arctic so get ready for a wild week with our furry friends.

Instructors: Jen O'Hair and Melanie Rhode

Session 2: Roaming the Rainforest

Swing on in for a week of fun and come learn all about the plants and animals that live in the rainforest. Guaranteed to be a ROARING good time!!

Instructors: Catie Calderhead and Tina Ori

Session 3: Cruisin' the Ocean

Board the Heart of the Ocean cruise liner to experience the cruise of a lifetime! We will sail the oceans, visit tropical islands, explore luxurious coastlines, and meet the local wildlife. Come aboard and join us for the fun!

Instructors: Catie Calderhead and Melanie Rhode

Prep For Kindergarten (Co-ed)

This fun week will refresh your son's or daughter's PK4 skills and help make a successful transition to Kindergarten. The class is offered 8:30 a.m. – 11:30 a.m., Monday – Friday.

Kindergarten Campout

Let's get fired up for Kindergarten! Campers will camp out with great literature to explore nature while enhancing pre-reading, writing, and math skills. This is a great way to give them a head start to the wonderful kindergarten adventure on which they will soon embark! Don't miss out, and let's get to packing for s'more learning fun!

Instructor: Karina Cepeda

Session: LS 1 (8:30-11:30)

Price: \$250

Kindergarten Construction

Ready...Set...Build your skills and get ready for Kindergarten! Put on your gear to spend a week constructing on pre-reading, writing, and math skills. This is a great way to get a head-start to the kindergarten construction site! Get ready to build and join our construction team for some learning fun!

Instructor: Karina Cepeda

Session: LS 2 (8:30 - 11:30)

Price: \$250

Onto Kindergarten You'll Go!

Get ready to succeed, for in Kindergarten you'll soon be! From pre-reading and writing to adding and subtracting, Dr. Seuss will join our learning party! You have the brains in your head, so let's get ready for kindergarten today!

Instructor: Karina Cepeda

Session: LS 3 (8:30 - 11:30)

Price: \$250

Prep For First Grade (Co-ed)

Get a head start on First Grade while experiencing an exciting week refreshing reading, writing and math skills. The class will be held 8:30 a.m. – 11:30 a.m., Monday – Friday.

Wild About First Grade

We're headed to the jungle this week to learn about reading, writing, and math skills that will be used in first grade! Come join our fun-filled safari of First Grade learning. It will be a wildly fun time!

Instructor: Devin Brown
Session: LS 1 (8:30 – 11:30 a.m.)
Price: \$250

Under the Sea

Ahoy, Matey! Get a head start on First Grade with Mrs. Brown and her under the sea friends. We will focus on reinforcing and enriching Kindergarten reading, writing, and math skills with an adventurous ocean theme. It will be a boatload of fun!

Instructor: Devin Brown
Session: LS 2 (8:30 – 11:30 a.m.)
Price: \$250

Out of This World

This week's theme takes us out of this world as we strengthen reading, writing, and math skills that will be used in first grade. We will use space-themed objects such as planets, stars, the sun, and the moon to enhance our learning!

Instructor: Devin Brown
Session: LS 3 (8:30 – 11:30 a.m.)
Price: \$250

Prep For Second Grade (Co-ed)

Get ready for 2nd grade by strengthening reading comprehension, writing and math skills and having fun at the same time! The class will be held 8:30 a.m. – 11:30 a.m., Monday – Friday.

Have Fun with Nature

Get ready to apply Second Grade math, reading, and writing skills using nature's resources. We'll strengthen reading comprehension by reading nature stories, go on nature walks to develop creative minds, and use natural objects to practice math facts. Using nature is a great way to learn!

Instructor: Elizabeth Romero
Session: LS 1 (8:30 - 11:30 a.m.)
Price: \$250

Globe Trotters

Grab your passport and pack your bag for an amazing global adventure! Each day we will explore a different country to strengthen second grade reading, writing, and math skills. We will read about different cultures, write about their customs, and practice math facts along the way. We won't leave without creating a beautiful piece of art to represent each country!

Instructor: Tina Nguyen
Session: LS 3 (8:30 - 11:30 a.m.)
Price: \$250

Summer 2021 Course Descriptions

A-Z Woodworking, Level 2 and Advanced

Learn to SAFELY use real hand tools in this amazing hands-on class! This is a class for children (5 – 10 years old) who have taken Level *with Mrs. Engelland* 1 or are 8 – 10-year-old beginners as well as children (6 – 10 years old) who have taken Level 2 *with Mrs. Engelland*. Hammering, shaping, painting, sawing, making holes, smoothing, and gluing--while making projects to take home. (No kits are used)

Instructor: Linda Engelland

Ages: Entering 1st–5th Grades who have taken Level 1 or 2 or who are 8 – 10-year-old beginners

Sessions: LS/MS 1, 2, 3 (12 – 1:30 p.m.)

Price: \$180

Amazing Animals

Do you love animals? Learn about different animals (and pets!) and all their amazing facts that make them unique! We will have fun during the week studying animals, learning about animal tracks, creating habitats, making origami animals, and more fun activities about our favorite animals.

Instructor: Devin Brown

Ages: Entering K-4th

Session: LS 3 (1:30 – 3 p.m.)

Price: \$160

American Girl: Arts and Crafts

Make miniature crafts that you can really use to play with your American Girl doll! From food to accessories, we will make it all, as well as have playtime with our dolls and their new surprises. Feel free to bring your favorite doll to join in the fun.

Instructor: Katie Turner

Ages: Entering 1st–5th Grades

Sessions: LS/MS 1 (10– 11:30 a.m.) LS/MS 2 (12-1:30 p.m.)

Price: \$165

American Girl Down Under

Join Kira Bailey, the 2021 American Girl of the Year, on a week-long adventure in Australia. We'll be learning about this faraway continent and the people and animals who live there with crafts, games, and other fun activities. Feel free to bring any doll along to join in the fun!

Instructor: Katie Turner

Ages: Entering 1st-5th Grades

Sessions: LS/MS 1 (12-1:30 p.m.); LS/MS 2 (10-11:30 a.m.)

Price: \$165

Ballet (Entering K-2nd Grades)

Come and enjoy the excitement and beauty of classical ballet! This class will introduce students to ballet technique and terminology through center exercises, progressions across the floor, and creative movement. Students will enhance coordination, balance, and flexibility. Your child will have a fun time gaining an appreciation for the art of ballet!

Instructor: Meg Pool

Ages: Entering K-2nd Grades

Session: LS 1 (10 – 11:30 a.m.)

Price: \$140

Ballet (Entering 3rd-6th Grades)

Come and enjoy the excitement and beauty of classical ballet! This class will teach students ballet technique and terminology through center exercises, progressions across the floor, and simple choreography. Students will enhance coordination, balance, and flexibility. Your child will have a fun time gaining an appreciation for the art of ballet! No former training is required.

Instructor: Meg Pool

Ages: Entering 3rd- 6th Grades

Session: LS/MS 1 (8:30 – 10 a.m.)

Price: \$140

Baseball / Softball

Come learn about the game of baseball and softball. We will learn/perfect skills of throwing, catching, fielding, hitting, and running, giving you the confidence to play the game and have fun!

Instructor: Duchesne PE Department

Ages: Entering 1st- 6th Grades

Session: LS/MS 3 (10 – 11:30 a.m.)

Price: \$140

Can You Dig It?

Prepare to get your hands dirty while discovering the ins and outs of archaeology! Through daily challenges and using techniques of modern archaeology you will unearth artifacts. Two teams will create cultures, conquer daily challenges, dig up artifacts and earn points to become the winning group of archaeologists!

Instructor: Melanie Rhode; Isabelle Detmering

Ages: Entering K-2nd Grades

Session: LS 2 (10 – 11:30 a.m.) LS2 (1:30 – 3 p.m.)

Price: \$160

Carnival Engineering

Step right up and help create a carnival fit for your fellow campers. Your challenge will be to create a game using minimal materials that other campers can enjoy. Construction of the game will be completed by the end of the week and we will host a mini-carnival complete with popcorn and prizes! Come join the fun!

Instructor: Karina Cepeda
Ages: Entering 1st-4th Grades
Session: LS 1 (1:30 - 3 p.m.)
Price: \$160

Cheerleading

Hey! Hey! What do you say? Go team go! This class will be a fun way to learn cheers, chants, motions and more. Join us as we practice supporting our team as mini cheerleaders.

Instructor: Kristy Conway
Ages: Entering 1st-8th Grades
Session: LS/MS 1 (1:30 - 3 p.m.)
Price: \$140

Chess Success

Our Chess Success Camps are exciting camps filled with chess FUNDamentals! Your child will learn the names of pieces and other chess terminology, game winning strategies, positive sportsmanship, and be able to participate in an end of camp tournament.

Instructor: Coach Cliff Campbell from K.I.N.G. Chess League
Ages: Entering 2nd-8th Grades
Sessions: LS/MS 1 (10 - 11:30 a.m.); LS/MS 2 (1:30 - 3 p.m.)
Price: \$135

Circus Stars

Calling all circus stars! In this fun class, your student will be introduced to a variety of circus-inspired games and activities like juggling, poi, arts and crafts, circus stories, and more! Students will learn circus style hula hoop tricks and work on stretches to become flexible and limber just like real circus stars. Students will explore circus skills that improve their balance, hand-eye coordination and confidence in a fun and safe environment. Perfect for all skill levels.

Instructor: Mad About Hoops staff
Ages: Entering K-5th Grades
Session: LS/MS 2 (1:30 - 3 p.m.)
Price: \$175

Clay

Students will learn how to create three dimensional pieces and use their creativity to paint and decorate their final product.

Instructor: Eva Vig
Ages: Entering 1st-4th Grades
Session: LS 3 (12 - 1:30 p.m.)
Price: \$170

Completely Cursive

This handwriting class is anything but ordinary! We will practice strokes for upper and lower-case letters, as well as joining them to make words. Novice and proficient cursive writers alike will have fun while practicing using a variety of mediums. Students will be challenged at their own level, and we will end the week with a special take-home project. Join us and leave with a new-found love for handwriting and penmanship!

Instructor: Melanie Rhode; Hayward Hildreth
Ages: Entering 2nd-5th Grades
Sessions: LS/MS 2 (12 - 1:30 p.m.); LS/MS 3 (1:30 - 3 p.m.)
Price: \$140

Crafty Creations

The sky is the limit on what we will use to create! We will work with a variety of materials including clay, paint and more to create one-of-a-kind items. So, if you like arts and crafts, this is a class for you!

Instructor: Helen Dora; Lauren McEvoy
Ages: Entering K-4th Grades
Session: LS 1 (8:30 - 10 a.m.) LS 2/LS3 (1:30 - 3 p.m.)

Price: \$160

Crazy Critters

Do you love all animals, big and small? In this class, we will learn about amazing animals through reading, playing games, completing engineering challenges, scavenger hunts and art projects. Join us as we imagine, create and have fun!

Instructor: Gabriella Adickes, Susan Knizner
Ages: Entering K-4th Grades
Session: LS 1 (1:30 - 3 p.m.) LS 3 (8:30 - 10 a.m.)
Price: \$160

Critical Reading and Writing Workshop

In this workshop, students will review essential reading strategies to improve comprehension and fluency. Students will read independently, read in small groups, and listen to read-alouds to exercise specific strategies such as retelling, summarizing, questioning, inferencing, and making connections. Students will also write reader's responses to help strengthen their reading comprehension and writing skills. This reading course will help your child have a better understanding of reading and most importantly, foster a love of reading.

Instructor: Meg Pool
Ages: Entering 2nd-3rd Grades
Session: LS 2 (10 - 11:30 a.m.)
Price: \$130

Dodgeball

Dodgeball is a great introduction to learning competition and strategy. Come have fun learning all there is to know about dodgeball and the fun variations that come with this game. There is never a dull moment and your student will learn a game that they can play for the rest of their lives.

Instructor: Duchesne PE Department
Ages: Entering 1st-6th Grades
Session: LS/MS 3 (1:30 - 3 p.m.)
Price: \$140

Dodgeball Camp

Dodgeball Camp is the ultimate week of fun! Kids will participate in a variety of fun and safe dodgeball games. They will practice their lateral movements, speed, and agility as well as hand-eye coordination all in an exciting, energetic environment. Don't miss this action-packed camp!

Instructor: Just Play Sports
Ages: Entering 1st-8th Grades
Session: LS/MS 1 (1:30 - 3 p.m.)
Price: \$165

Drawing and Painting

Students will be taught to create pictures with different mediums. We will be learning how to draw in perspective by using pencils, pen and ink, watercolors, and acrylic paints. Our final masterpieces will be three-dimensional pictures on paper or canvas.

Instructor: Eva Vig
Ages: Entering 3rd-6th Grades
Session: LS/MS 3 (10 - 11:30 a.m.)
Price: \$170

Easy Etiquette for Children

Join us as Emily Post visits the Lower School! In this class, students will learn how to write thank-you notes, how to set a proper table, and most importantly, how to show respect and kindness to everyone around them. At the end of the week, there will be a tea party that the students will host.

Instructor: Karina Cepeda
Ages: Entering K-3rd Grades
Session: LS 3 (12 - 1:30 p.m.)
Price: \$160

Enlightened Literary Analysis and Reading Comprehension with Extraordinary Essays

This highly engaging course will help students analyze literary works and create clear, meaningful, and memorable essays. For thousands of years, reading and writing have been the primary tools humans use to engage with the wider world. Written language, and moreover the ability to analyze it for themes and ideas, is the greatest gift we can pass on to the next generation. Today, these crucial skills are often taught as simply a means to an end. This course helps teach students to read "between the lines" for deeper meaning and higher understanding. It aims to correct this through a curriculum that emphasizes core writing, grammar and reading comprehension skills practiced on the classics. In addition, the instructor will cover thorny grammar rules that we all struggle with. Students will leave with a better understanding and confidence in their essay writing and literary analysis skills. *Course fees include student workbook. Students required to bring a laptop.*

Instructor: Houston Tutorial Association staff
Ages: Entering 5th-8th Grades
Session: MS 2 (1:30 - 3 p.m.)
Price: \$315

Fantastic Literature: Fairytales, Folktales and Fables

Exposing your child to different kinds of literature can help keep your child interested in reading. This week we will work on strengthening reading fluency, comprehension, and writing skills while being introduced to new and exciting stories that they will want to read again and again!

Instructor: Elizabeth Romero
Ages: Entering 2nd-4th Grades
Session: LS 2 (8:30 - 10 a.m.)
Price: \$130

Field Games

Come and have fun learning about field and leisure games. We will have fun with badminton, bocce ball, ultimate frisbee, corn hole, and more. Let's enjoy this summer by experiencing many games that you can play with friends and family.

Instructor: Duchesne PE Department

Ages: Entering 1st-8th Grades

Session: LS 1 (8:30 - 10 a.m.)

Price: \$140

Flight School: Planes, Drones, and Flying Objects

Was that a bird, plane, drone or something else that flies? It's all about things that fly in this high-flying camp! Get an introduction to physics, aerodynamics, force, and motion when we build and test different types of things that fly planes, rockets and helicopters. Are you up for all the engineering challenges ahead? Drones go home on Friday!

Instructor: Kara Cooney-Galli

Ages: Entering K-3rd Grades

Session: LS 1 (10 - 11:30 a.m.)

Price: \$195

Foodie Fun

Join us as we explore a different food group each day of the week! Students will get hands-on experience with planning and preparation for snacks and meals. This will be a fun, interactive way to learn about a variety of foods and try new things.

Instructor: Hayward Hildreth

Ages: Entering 2nd-6th Grades

Session: LS/MS 2 (12 - 1:30 p.m.) LS/MS 3 (10 - 11:30 a.m.)

Price: \$160

Fort Building

Create with the heart, build with the mind. This week, let's use our imaginations to design, build and create 3-D environments. We will construct caves, forts, tents, crawl spaces... you name it, we'll build it. Activities will be designed to enhance teamwork, creative expression, and problem solving. Big or small there's a fort for all!

Instructor: Jeremy Cain, Isabelle Detmering

Ages: Entering K-4th Grades

Session: LS 1, LS 2, LS, 3 (12 - 1:30 p.m.)

Price: \$140

Games Galore

Do you love to play board games? Have you ever wanted to create your own board game? This is your chance. Campers will spend the first day playing classic board games like Mousetrap, Candy Land, and Sorry to figure out what attributes make those games great. The next four days will be spent designing, building, and playing board games of their own creation.

Instructor: Meg Pool, Devin Brown

Ages: Entering 1st-8th Grades

Session: LS/MS 1 (1:30 -3 p.m.) 3 (12 -1 :30 p.m.)

Price: \$135

Inventor's Workshop

Do you have what it takes to be a great inventor? Can you create a floating device that helps clean our oceans and protect wildlife? Can you invent a device that filters dirty water to make it clean for less fortunate countries? Participants in this course will use household materials to construct their own inventions to improve the world. Some materials we will use include paper towel rolls, tissue paper, toothpicks, Kleenex boxes, and much more.

Instructor: Hrisa Katsigiannis

Ages: Entering 2nd-5th Grades

Session: LS 3 (1:30 - 3 p.m.)

Price: \$160

Kickball

Kickball is a great introduction to learning competition, strategy, and softball/baseball. Come have fun learning all there is to know about kickball and the fun variations that come with this game. There is never a dull moment and your student will learn a game that they can play for the rest of their lives.

Instructor: Duchesne PE Department

Ages: Entering 1st-6th Grades

Session: LS/MS 2 (12 - 1:30 p.m.)

Price: \$140

Kickball Camp

Come join us for an exciting time of America's favorite playground game! Players will spend the week playing kickball and having a blast. In addition to the traditional kickball game, participants will also play a variety of kickball games such as One-Base Kickball, Cherrybomb Kickball and Boomer Ball.

Instructor: Just Play Sports

Ages: Entering 1st-8th Grades

Session: LS/MS 1 (12 - 1:30 p.m.)

Price: \$165

Lacrosse

Come join us to learn about the basics and fundamentals of Lacrosse. This camp will focus on passing, shooting, and ball control. Regardless of the skill level, all athletes will come away knowing how to play the game and learn sportsmanship and life skills.

Instructor: Duchesne PE Department

Ages: Entering 1st-6th Grades

Session: LS/MS 3 (8:30 - 10 a.m.)

Price: \$140

Lego Your Imagination

Come feed your imagination and turn your ideas into reality. During this week, we will build engineer-designed projects such as bridges, mazes, and cars. This will be an excellent way to discover and learn about the basic engineering fundamentals!

Instructors: Sarah Johnson; Gabriella Adickes, Karina Cepeda

Ages: Entering K-3rd Grades

Session: LS 1, LS 3 (12 - 1:30); LS 2 (1:30 - 3 p.m.)

Price: \$160

Mad About Hula Hoops

Students in this program will learn lots of impressive hula hoop tricks! Improve balance, coordination, and stamina. Age-appropriate stretching will be combined with hula hoop fitness and games for both boys and girls of all skill levels. We will end our week with an LED party to celebrate our new hoop skills! Fitness has never been so fun! All equipment is provided for in class use.

Instructor: Mad About Hoops staff

Ages: Entering 1st-5th Grades

Session: LS/MS 2 (12 - 1:30 p.m.)

Price: \$155

Magical Mythical Creations

Mermaids, dragons, unicorns, and fairies are a few of the topics discussed in this class. Using artwork, crafts, and stories we will explore the mythical world of these fantastic creatures. A few of the things we will make include Lego structures and fairy gardens. I can't wait to explore these mythical creatures with you!

Instructor: Hayward Hildreth

Ages: Entering K-4th Grades

Session: LS 3 (8:30 - 10 a.m.)

Price: \$160

Make it, Take it!

In this creative class you will make it and take it! From sand sculptures and tie dye pillowcases to friendship beads and paintings, you will be making it and taking it. What fun we will have creating art, crafts and experiments that you can take home!

Instructors: Lauren McEvoy; Helen Dora,

Ages: Entering 1st-5th Grades

Session: LS/MS 3 (12 - 1:30 p.m.) (1:30 - 3 p.m.)

Price: \$160

Mastering Mindfulness

Mindfulness means paying attention to what is happening right now with kindness, curiosity, and appreciation. In this class we will develop the students' abilities to be mindful through meditation, breath-work, awareness activities, yoga poses, and thoughtful reflection. Activities will be structured around how to handle worries, the power of positive thinking, showing love and kindness to others, as well as appreciating yourself. Students will learn strategies for refocusing in class, communicating better with friends, developing empathy, practicing gratitude, and quieting the mind. This class should help your children feel peaceful, share feelings, and improve self-esteem.

Instructor: Julie McConn

Ages: Entering 2nd-8th Grades

Session: LS/MS 3 (8:30 - 10 a.m.)

Price: \$160

Math-O-Rama

Brush up on math skills and strategies! We will review important concepts, such as time, place value, money, and fractions. We will also play math games to help students strengthen their math skills. Go back to school as a math whiz kid!

Instructor: Meg Pool

Ages: Entering 2nd -3rd Grades

Session: LS 2 (12 - 1:30 p.m.)

Price: \$130

Mind Blowing Box Building

Would you like to build with cardboard? We will create cardboard castles, houses, and buildings in this STEM class. Put on your thinking cap and get ready to design and build some mind-blowing creations!

Instructor: Susan Knizner

Ages: Entering 2nd-6th Grades

Session: LS/MS 1 (12 - 1:30 p.m.)

Price: \$160

MindQuest

Get ready to activate your brain in this summer session! Practice thinking outside the box as you decipher puzzles, riddles, and brainteasers. Each day will be filled with new challenges and problems to solve. MindQuest will encourage thinkers to take risks and reach new mental heights!

Instructor: Tina Nguyen
Ages: Entering K-3rd Grades
Session: LS 1 (12 - 3 p.m.)
Price: \$250

Multiplication Masters

Mastering your multiplication facts and having lots of fun is the goal of this class! Using games, activities and songs, students will gain an understanding of the concept of multiplication and its many applications. Rapid calculation tricks will be learned. Go back to school a master of multiplication!

Instructor: Meg Pool
Ages: Entering 3rd-5th Grades
Session: LS/MS 1 (12 - 1:30 p.m.)
Price: \$130

Nature Drawing

Nature drawing will help students learn about nature around us. Students will observe nature and create art from what they see. It helps to learn more about animals, plants and nature by putting it on paper the way our eyes see them. Learn about colors, forms, shapes and lines the way they exist in nature.

Instructor: Eva Vig
Ages: Entering K-4th Grades
Session: LS 1 (12 - 1:30 p.m.)
Price: \$170

Ninja Kid Fit

Ninja Kid Fit is combination of creative ninja courses and fun fitness based games. Come get a workout while having a blast in this energetic class all can enjoy.

Instructor: Jeremy Cain
Ages: Entering 1st-6th grades
Sessions: LS/MS 1 & 2 (10-11:30 a.m.)
Price: \$140

Papier Mâché

Want to get ooey and gooey in art class? Explore materials and techniques to create a one-of-a-kind piece of art! Using recycled materials, newspaper, paint, and flour + water paste, sculpt a papier mâché masterpiece.

Instructor: Eva Vig
Ages: Entering 2nd-5th Grades
Session: LS/MS 2 (1:30 - 3 p.m.)
Price: \$170

Prep for 5th Grade Math

The first day of this class will be spent reviewing fourth grade math concepts: adding, subtracting, multiplying and dividing of whole numbers. Fun with fractions and grouping numbers will be strengthened with games and group work. Lastly, we will review and explore basic geometry. MATH is all around us!

Instructor: Hrisa Katsigiannis
Ages: Entering 5th Grade
Session: MS 3 (12 - 1:30 p.m.)
Price: \$130

Prep for 6th Grade Math

The first part of the week the focus will be a review of 5th grade math: adding, subtracting, multiplying and dividing fractions, decimals and whole numbers. Skills will be reviewed and strengthened through games, group work and individual work. Fun math tricks, puzzles and games will emphasize that MATH IS FUN!

Instructor: Hrisa Katsigiannis
Ages: Entering 6th Grade
Session: MS 3 (12 - 1:30 p.m.)
Price: \$130

Sculpture

Sculpture making helps students to learn how to create three dimensional objects. Students will use their observation skills to study something such as their favorite animals, flowers or person and use their creativity to sculpt what they see.

Instructor: Eva Vig
Ages: Entering 2nd-6th Grades
Session: LS/MS 1 (1:30 - 3 p.m.)
Price: \$170

Secret Formulas

If you love “secret formulas” and enjoy experiments such as making your own science products, this is the class for you! We will make personal brands of paste, toothpaste, cola, ice cream and more. Come put your secret science skills to use making your favorite formulas.

Instructor: Hrisa Katsigiannis
Ages: Entering 2nd-5th Grades
Session: LS/MS 3 (10 - 11:30 a.m.)
Price: \$160

Sewing Class with Mrs. Olmos

Students will learn to make many different items: aprons, bags, stuffed animals, pajamas, pillows, vests. They will learn to sew by hand and on sewing machines. Before sewing our project, we will learn to pin our patterns on fabric and cut out the project. All patterns, fabrics, supplies and sewing machines are provided.

Instructor: Martha Olmos
Ages: Entering 1st-8th Grades
Sessions: LS/MS 1 (8:30 - 10 a.m.); LS/MS 3 (1:30 - 3 p.m.)
Price: \$160

Soccer

Feel confident and ready to play soccer in a variety of settings as campers learn to dribble, pass, shoot, and maintain ball control. We will have fun playing games and multiple activities to enhance our skills.

Instructor: Duchesne PE Department
Entering 1st-6th Grades
Session: LS/MS 2 (8:30 - 10 a.m.)
Price: \$140

Sports of All Sorts

There are over 50+ ball games in the world. Some were created as early as the 1600s. This class will explore and play as many ball games as possible, learning the rules, strategies, and origins of each.

Instructor: Duchesne PE Department
Ages: Entering K-6th Grades
Sessions: LS/MS 2 (1:30 - 3 p.m.); LS/MS 3 (12 - 1:30p.m.)
Price: \$140

Stretch, Move, DANCE!

This energetic class provides activities that focus on strength, flexibility, and dancing. Through a combination of stretches and creative movements, students will develop an awareness of their body and essential core strength. Students will learn choreography for different styles of dance such as ballet and jazz. Moving to beautiful & upbeat music will develop a wonderful sense of musicality and rhythm. Learning choreography is also a fun way to keep the mind sharp and the body happy!

Instructor: Meg Pool
Ages: Entering K-3rd Grades
Session: LS 2 (8:30 - 10 a.m.)
Price: \$140

Study Skills Strategies in a Hybrid Learning Environment

Last March, the world of education changed drastically. Students were forced to pivot to virtual with little time to adjust. Engaging with the technology may have been easy for them but staying actively involved while mastering new study strategies was not as easy and distractions were plentiful. This course is designed to help them with any learning challenge they may face, whether it is focusing on a virtual lecture, managing research deadlines or studying for an exam independently. The fundamentals of our signature Study Skills Strategies course are timeless, but we have redesigned our approach for students in the modern world. Today’s course focuses on helping students become independent critical thinkers, highly resourceful with technology, and masters of advanced preparation and asynchronous learning. Creative instructors will help students enhance skills in the areas of organization, time management, goal setting, note taking and reading comprehension while understanding their most effective learning modalities in this new environment. Students leave with actionable takeaways to help them adapt as they mature through their academic career.

Course fee includes a student workbook and feedback – classes will be grade-level directed based on final registrations. Students will also hear from successful student graduates during peer exchanges.

Instructor: Houston Tutorial Association staff
Ages: Entering 5th-8th Grades
Session: MS 3 (1:30 - 3 p.m.)
Price: \$315

Style Your Space

Want to add some personal DIY projects to your bedroom? Join this class where we will create do it yourself room decor! We will make items such as canvas art, tie-dye pillowcases, picture holders, wall hangings and more!

Instructor: Melanie Rhode
Ages: Entering 1st-5th Grades
Session: LS/MS 2 (8:30 - 10 a.m.)
Price: \$160

Superhero Training Academy

It's a Bird, It's a Plane...It's Superhero Training Academy! Get your own superhero name, suit up, and learn what makes a superhero using STEAM (Science, Technology, Engineering, Art, Math). Join us as we test our X-ray vision, create some delicious kryptonite to use against the bad guys, eat some superpower cupcakes, and test our web shooting skill at the end of the week. Each child will take home a Lego superhero figure! All creations/projects go home on FRIDAY.

Instructor: Kara Cooney-Galli
Ages: Entering K-4th Grades
Session: LS 2 (12 - 1:30 p.m.)
Price: \$195

Tae Kwon Do

The teachings of Martial Arts, a system of self-defense created in the Orient, does not advocate the use of weapons. Instead, it teaches a philosophy that believes in strengthening the mind and body through self-discipline, fitness and awareness. We offer a well-balanced program that emphasizes pride, self-esteem, fitness, and integrity. Instruction includes self-discipline and body control and focuses on footwork, coordination and balance.

Instructor: Master Bruce Alamdari
Ages: Entering 1st-5th Grades
Session: LS/MS 2 (10 - 11:30 a.m.)
Price: \$195

The Thinking Kid

Are you fascinated by mind-bending puzzles? Do you love a good challenge? Give your critical thinking and problem-solving skills a workout! Each day we will decipher puzzles, riddles, and brainteasers. Come join us for a fun-filled week packed with exciting new challenges!

Instructor: Lauren McEvoy
Ages: Entering K-3rd Grades
Session: LS 2 (12 - 3 p.m.)
Price: \$250

Watercolor

Students will learn about how to use watercolor paints and how to use water with the paint to create light or dark colors. We will create dimension by using lightness and darkness of colors while painting landscapes, flowers, plants, and pictures of animals. Through soft and delicate paint strokes, students will paint a subject of their choosing for their creation.

Instructor: Eva Vig
Ages: Entering 1st-6th Grades
Session: LS/MS 2 (10 - 11:30 a.m.)
Price: \$170

Yoga for Kids

Yoga for kids is a fun and purposeful activity where children are able to develop flexibility, focus and coordination for a happy, healthy, and balanced life. Yoga provides many physical and emotional health benefits, and children have a blast putting together different sequences, learning breathing techniques, playing games, dancing, and creating their own yoga adventures! In addition to poses that focus on stretching and strengthening, children will also learn challenging balancing poses, headstands, partner poses, and stunts. Kids' yoga helps to increase confidence, build concentration, develop self-awareness, and manage stress.

Instructor: Julie McConn
Ages: Entering K-6th Grades
Session: LS/MS 3 (10 - 11:30 a.m.)
Price: \$160

The WITS Writers Workshop at Duchesne Academy

For nearly 40 years, Writers in the Schools (WITS) has worked together with educators and professional writers to teach students the craft of writing. The WITS Writers Workshop at Duchesne Heart of the Summer is designed to get students excited about writing from a crafting perspective. Writers Workshop follows classic writing workshop guidelines to provide constructive feedback to a writer in a small group setting. This model is based on the idea that we are not always the best readers of our own work, and we benefit from hearing how others experience it. The goal is not to tell others how to write their essays/ poems/ stories, but rather to take the work on its own terms, describing the piece and offering constructive criticism based on what we perceive to be the writer's intentions. The workshop will focus on the writing process and address key objectives in language arts, including original voice, inventive word choice, sentence fluency, and clear organization. By writing and reading daily, we'll discuss what makes writing succeed, and we'll use these multi-genre prompts to help us put our own thoughts down on the blank page.

Students enroll in a 2-week, 30-hour workshop session taught by a professional writer from the WITS roster. For younger students (1st-4th), we will explore the nuts and bolts of writing, and through prompt-based exercises, help young students develop their own voice, have fun with vocabulary, and allow them to use their imaginations. For older students (5th-8th), we will use the college creative writing workshop as a model to help students peer review each other's work in a supportive environment. We will spend a lot of time learning the tools of strong revision. Students will develop their writer instinct, gain confidence, and improve public speaking skills, all while having fun with strategic multi-genre writing projects.

At the end of the 2-week session, students will perform finished pieces for you and your family in a virtual celebration event, and they'll leave with a portfolio of their own work.

Register your students by the grade level they will enter in Fall 2021. Students will be grouped according to age once registration closes. WITS and Duchesne Heart of the Summer will create class groupings considering students' age and grade level. For example, we may combine 3rd – 5th grades into one room, but we would not create a class of 2nd- 6th grades in one room.

Choose from one of the following 2-week courses according to the entering grade of the student:

Ages: Entering 1st-8th Grades
Sessions: LS/MS 1-2 (8:30 - 11:30 a.m.)
Price: \$440

Ages: Entering 1st-8th Grades
Sessions: LS/MS 2-3 (8:30 - 11:30 a.m.)
Price: \$440

Upper School

Algebra I Summer Remembrance Class

This class will cover basic Algebraic Skills to help students who have struggled with previous Math subjects primarily in Pre-Algebra and Algebra I or who have forgotten Algebraic fundamentals and would like a reminder. It is a great way to prepare themselves for the Math academic curriculum at Duchesne Academy of the Sacred Heart!

Instructor: Jon Kobylas

Ages: Entering 9th-11th Grades

Sessions: July 12-23 (9 - 11 a.m.)

Price: \$400

Foundations of Digital Media (Credit Course)

Gain foundational knowledge and skills in several multimedia fields: digital photo editing and drawing, video production, desktop publishing, as well as project management skills and experience working with clients under specifications. Students will create projects using the following applications in the Adobe Creative Suite: Photoshop, Illustrator, Premiere Pro, Audition, After Effects, and InDesign. This course counts toward the Computer Studies graduation requirement (one bin) and is the prerequisite for Photo-shop, Film, and Illustrator courses.

Instructor: Jill Hess

Ages: Entering 9th-12th Grades

Sessions: July 19 - 30 (9 a.m. - 1 p.m.)

Price: \$750

Geometry Remembrance Class

This class will cover basic Geometry to help students who have struggled with Geometry and would love to further their understanding. Students who have forgotten Geometric fundamentals and want to better prepare themselves for future subjects such as Algebra II and Pre-Calculus will also benefit from this course. Start the next school year feeling better prepared for the Geometry Math Curriculum at Duchesne Academy of the Sacred Heart!

Instructor: Jonathan Kobylas

Ages: Entering 9th-11th Grades

Session: July 26-30 (9 -11 a.m.)

Price: \$200

FOUNDATIONAL VISUAL ARTS COURSES

Foundations of Art (Credit Course)

Foundations of Art is a course that provides a basic introduction to Visual art. This course teaches the key elements of drawing and painting. In drawing students will explore graphite & colored pencils. Students will learn the various steps to developing a detailed drawing. Painting will be primarily focused on watercolor and serve as the foundation of color studies. The Elements of Art and Principles of Design will be introduced and reinforced throughout this course. Students will create artist statements and document ideas in their sketchbooks. We will explore several art movements that will be inspirations for some of the art images that the students will create throughout the course.

Instructor: Gizelle Pinto

Ages: Entering 9th-12th Grades

Sessions: July 12-30 (9 a.m. - 12:30 p.m.)

Price: \$750

Concepts of Art & Design (Credit Course)

The Concepts of Art and Design course builds on the knowledge gained in the foundations of art class and reinforces the use of Elements of Art & Principles of Design to create a strong composition. This course teaches the basics of 2D and 3D design through drawing, painting, ceramics, and sculpture. In drawing students will explore the use of charcoal, conte crayon and graphite. Knowledge of color theory will be developed using colored pencil and acrylic paint. Ceramics and sculpture will include hand building techniques and modeling. Students will engage in critiques of their art images and learn the vocabulary needed to discuss, create, and appreciate different types of visual art in a formal setting. ***Pre-requisite: Foundations of Art or Pre-mod art credits. Teacher approval required.***

Instructor: Gizelle Pinto

Ages: Entering 10th-12th Grades

Sessions: July 12-30 (11 a.m. - 2:30 p.m.)

Price: \$750

2D STUDIO COURSES

Drawing I (Credit Course)

Students will increase their perceptual skills while using a variety of drawing tools and techniques. The primary focus of this course is drawing from life; learning how to look at spatial relationships to transfer knowledge onto a 2-dimensional plane. Types of drawings will include contour, gesture, still life, linear perspective, and portrait. Media will include graphite, charcoal, conté and ink. Outside of class sketchbook assignments are part of this course. **Pre-requisite: Foundations of Art and Pre-mod Art credits. Teacher approval required.**

Instructor: Gizelle Pinto

Ages: Entering 10th-12th Grades

Sessions: July 12-30 (9 a.m. - 12:30 p.m.)

Price: \$750

Drawing II (Credit Course)

Building upon skills learned in Drawing I, students will further study compositional elements while working both realistically and abstractly. Increased figurative work will provide opportunities for content considerations and greater technical skills. Historic, modern, and non-traditional approaches to drawing will be explored. Students' media choices will expand to mixed media, pastels, and ink in addition to those used in Drawing I. Assignments will be aimed at producing larger scale and more detailed work. Research and sketchbook documentation are a key part of this course. **Pre-requisite: Observational Drawing and Pre-mod Art credits. Teacher approval required.**

Instructor: Gizelle Pinto

Ages: Entering 10th-12th Grades

Sessions: July 12-30 (9 a.m. - 12:30 p.m.)

Price: \$750

Painting I (Credit Course)

Students will gain experience using acrylics to paint from observation. This course will focus on color theory and composition, continuing to reinforce the understanding of the Elements of Art and Principles of Design, and on the continued development of the student's perceptual skills. The painting experience will be enhanced through exposure to historic precedents and modern approaches to painting. Students will create 2-3 finished paintings. **Pre-requisite: Foundations of Art and Pre-mod Art credits. Teacher approval required.**

Instructor: Gizelle Pinto

Ages: Entering 10th-12th Grades

Sessions: July 12-30 (11 a.m. - 2:30 p.m.)

Price: \$750

Painting II (Credit Course)

Students will continue to develop perceptual and technical skills using acrylic or watercolor. Further exploration of painting styles and art movements will be included. Students will have more choice in the subject matter they choose to paint. Sketchbook research beyond the classroom is required. Students will create 2-3 finished paintings. **Pre-requisite: Painting it all and Pre-mod Art credits. Teacher approval required.**

Instructor: Gizelle Pinto

Ages: Entering 10th-12th Grades

Sessions: July 12-30 (11 a.m. - 2:30 p.m.)

Price: \$750

ADVANCED VISUAL ARTS CLASSES

Idea Development 2D & Drawing (Credit Course)

Students will continue to explore and develop techniques and processes learned in their 2D & Drawing art classes. Students will independently design and implement a body of work that synthesizes their knowledge of media, tools, and techniques. Artists voice and demonstration of skill are the focus of this course. Students will document ideas, process, problems, and solutions in a visual journal. The 'Final' for this class is a mini portfolio submission consisting of 3-4 finished works of art from a selected theme or concept. All work done will be original in conception. This class is the pre-requisite for AP Art & Design. **Teacher approval required.**
