Please use this worksheet to decide what classes your child will take during a session before you register online. Before submitting your registration to us, double check that there are no gaps in your child’s schedule and that no classes overlap. If you enter a class in one column, you should not enter a class in the other column that would conflict. For example, if a student will register for the three-hour class, do not enter a class in the left-hand column after lunch. Please remember to register your child for Extended Morning or Extended Afternoon (shown on this sheet) if your child will need to arrive early or be picked up late. If you have any questions, please feel free to contact us at (713)468-8211 ext. 3200 or at sarah.baker@duchesne.org.

Girls Camp

This weekly program is for girls entering PK4 through Kindergarten. The 3 theme-based weeks will include integrated curriculum. Experience an enjoyable, fun-filled, nurturing atmosphere with arts and crafts, games, story time, music, sports, and FUN Fridays! Choose from full-day or half-day options. All students enrolled in Duchesne Academy’s Heart of the Summer must be completely potty-trained.

Full Day (8:30 a.m. – 3:00 p.m.) – $415
Half Day (8:30 a.m. – 11:30 a.m.) – $300

Session 1: Flying Into Summer!
Let’s fly, flutter, and float! This week, we will explore all things that fly, such as butterflies, bees, birds, insects, and magical fairies! We will learn and play about these flying creatures through games, art, stories, and crafts!

Instructors: Susan Knizner and Tina Ori

Session 2: Frozen In July
Polar Bears, Snowmen, Penguins… Oh My! Join us for a cool week of Frozen in July! The girls will experience everything frozen, from crafts to games to food. It will be a “CHILL” week, so bundle up (not really because it will be HOT) for some frosty fun.

Instructors: Jen O’Hair, Tina Ori, and Alexis Simon

Session 3: Pink Palooza
Calling all girls who love pink! We will explore all things pink through picture books, songs, arts and crafts, games, and more pink fun. Pigs, flamingos, pretty in pink tutus, cotton candy, baking pink cupcakes and Pink Panther are some of our pinkalicious activities. This is every girl’s dream! Sign up and don’t miss this perfectly Pink Palooza!

Instructors: Susan Knizner, Tina Nguyen, and Jen O’Hair
Boys Camp

This weekly program is for boys entering PK4 through Kindergarten. The 3 theme-based weeks will include integrated curriculum. Experience an enjoyable, fun-filled, nurturing atmosphere with arts and crafts, games, story time, music, sports, and FUN Fridays! Choose from full-day or half-day options. All students enrolled in Duchesne Academy’s Heart of the Summer must be completely potty-trained.

Full Day (8:30 a.m. – 3:00 p.m.) – $415
Half Day (8:30 a.m.– 11:30 a.m.) – $300

Session 1: Zooming Through Summer
Rev your engines and shift into gear as we crash into a summer class full of transportation fun! Whether it vrooms, beeps, choo choos, or screeches, we’ll explore it with crafts, read-alouds, and activities. You won't find any traffic here. Sign up to zoom into summer now!

Instructors: Catie Calderhead and Melanie Rhode

Session 2: Wild, Wild West
Wanted: Cowboy Campers ready to join us for a western themed summer camp! This isn't our first rodeo, so we'll have grand plans for cowboy crafts, read-alouds, and activities galore. Saddle up and sign up for a rootin' tootin' time!

Instructors: Catie Calderhead and Melanie Rhode

Session 3: Super Hero Training Camp
Calling all SUPER HEROES! Get here in a flash for a week of excitement with your favorite heroes. You will discover your own Super Power. Little Boys are just superheroes in disguise. As Superman said, “There is a SUPER HERO in all of us! We just need the courage to put the cape on.” Fly in and sign up for an adventurous week!

Instructors: Catie Calderhead and Alexis Simon
Prep For Kindergarten (Co-ed)

This fun week will refresh your son’s or daughter’s PK4 skills and help make a successful transition to kindergarten. The class is offered 8:30 a.m. – 11:30 a.m., Monday – Friday.

Session 1: Planting Our Kinder “Garden”
Make a beeline for kindergarten this summer! During this “thyme,” we will be planting the seeds to grow our pre-reading, writing, and math skills. This class will give you “peas” of mind when it’s time to move up to kindergarten.

Instructor: Sarah Michael
Session: LS 1 (8:30 – 11:30 a.m.)
Price: $275

Session 2: Camp Kindergarten
Follow us to the camping grounds where your incoming kindergartner will be practicing their pre-reading, writing, and math skills under the stars. There will be ’smore fun than you can imagine!

Instructor: Sarah Michael
Session: LS 2 (8:30 – 11:30 a.m.)
Price: $275

Session 3: Swimming Into Kindergarten
We are diving into kindergarten this summer! Put on your snorkel to jump in and explore our pre-reading, writing, and math skills. This class is a great way to get your feet wet for the upcoming school year.

Instructor: Sarah Michael
Session: LS 3 (8:30 – 11:30 a.m.)
Price: $275
Prep For First Grade (Co-ed)

Get a head start on first grade while experiencing an exciting week refreshing reading, writing and math skills. The class will be held 8:30 a.m. – 11:30 a.m., Monday – Friday.

Session 1: “Sea” You in First Grade
We’re headed under the sea this week to learn about reading, writing, and math skills used in first grade. Come join our fun-filled sea life experience of first grade learning!

Instructor: Kathleen Martin

Prep For Second Grade (Co-ed)

Get ready for second grade by strengthening reading comprehension, writing and math skills and having fun at the same time! The class will be held 8:30 a.m. – 11:30 a.m., Monday – Friday.

Session 2: Globe Trotters
Ready, set, explore! This week we will sharpen our reading, writing, and math skills while exploring the globe. First, we will examine maps and landforms. Then we will “travel” to a different country each day, making discoveries through reading and writing. Finally, we will make a piece of art that represents each country we explore. At the end of the week, Globe Trotters will bring home a folder filled with their work.

Instructor: Elizabeth Romero
Session: LS 1 (8:30 – 11:30 a.m.)
Price: $275

Session 3: Have Fun with Nature
This week we will use nature as a source for learning. Through reading, writing, and art, we will explore habitats, describe animals and insects, and explain the water cycle. Students will also practice math facts. Everyone will come home with folders filled with the week’s discoveries.

Instructor: Elizabeth Romero
Session: LS 2 (8:30 – 11:30 a.m.)

Junior Design Boss Academy™
Junior Design Boss Academy™ is more than just a coding class. While we do teach web design, our program focuses on the elements that make websites, apps, and businesses appealing—graphic design! Businesses need graphic design to establish their brand’s very own identity. From the famous cursive lettering of Coca-Cola, to the lowercase font style of Amazon—brands use typography, color palettes, and visual cues to set them apart from their competitors. This is why graphic design is so important to both small businesses and large corporations!

Our program guides young designers to be creative while teaching them modern design techniques that will help them cognitively (creativity, critical thinking, memory, etc.) and artistically. Over the duration of each program, your Jr. Design Boss will learn how to create logos, design websites, create their very own brand, and more! The “Boss” part of our program stems from our company name (B.O.S.S. Web + Graphic Design) but it also gives students the courage to be entrepreneurs by providing a much-needed service in the business community.

Art and design are here to stay, and learning graphic design can be the first step to a long career in design, entrepreneurship, or both!

The WITS Writers Workshop at Duchesne Academy

WITS - One Week

For nearly 40 years, Writers in the Schools (WITS) has worked together with educators and professional writers to teach students the craft of writing. The WITS Writers Workshop at Duchesne Heart of the Summer is designed to get students excited about writing from a crafting perspective. Writers Workshop follows classic writing workshop guidelines to provide constructive feedback to a writer in a small group setting. This model is based on the idea that we are not always the best readers of our own work, and we benefit from hearing how others experience it. The goal is not to tell others how to write their essays/ poems/ stories, but rather to take the work on its own terms, describing the piece and offering constructive criticism based on what we perceive to be the writer’s intentions. The workshop will focus on the writing process and address key objectives in language arts, including original voice, inventive word choice, sentence fluency, and clear organization. By writing and reading daily, we’ll discuss what makes writing succeed, and we’ll use these multi-genre prompts to help us put our own thoughts down on the blank page.

Students enroll in an exciting and fun 1-week, 15-hour workshop session taught by a professional writer from the WITS roster. For younger students (1st-4th), we will explore the nuts and bolts of writing, and through prompt-based exercises, help young students develop their own voice, have fun with vocabulary, and allow them to use their imaginations. For older students (5th-6th), we will use the college creative writing workshop as a model to help students peer review each other’s work in a supportive environment. We will spend a lot of time learning the tools of strong revision. Students will develop their writer instinct, gain confidence, and improve public speaking skills, all while having fun with strategic multi-genre writing projects.

At the end of the 1-week session, students will perform finished pieces for you and your family in a virtual celebration event, and they’ll leave with a portfolio of their own work. Our instructors will also keep you posted on all the fun we’re having by sharing a classroom blog with you.

Register your students by the grade level they will enter in Fall 2023. Students will be grouped according to age once registration closes. WITS and Duchesne Heart of the Summer will create class groupings considering students’ age and grade level. For example, we may combine 3rd – 5th grades into one room, but we would not create a class of 2nd- 6th grades in one room. *If your child is registering with a friend in the same grade level and they would like to be in the same class, email extendedprograms@duchesne.org at the time of registration to make this request.

For younger students (1st-4th), we will explore the nuts and bolts of writing, and through prompt-based exercises, help young students develop their own voice, have fun with vocabulary, and allow them to use their imaginations. For older students (5th-8th), we will use the college creative writing workshop as a model to help students peer review each other's work in a supportive environment. We will spend a lot of time learning the tools of strong revision. Students will develop their writer instinct, gain confidence, and improve public speaking skills, all while having fun with strategic multi-genre writing projects.

At the end of the 2-week session, students will perform finished pieces for you and your family in a virtual celebration event, and they'll leave with a finished broadside piece, a portfolio of their own work, and our instructors will also keep you posted on all the fun we're having by sharing a classroom blog with you.

Register your students by the grade level they will enter in Fall 2023. Students will be grouped according to age once registration closes. WITS and Duchesne Heart of the Summer will create class groupings considering students' age and grade level. For example, we may combine 3rd – 5th grades into one room, but we would not create a class of 2nd-6th grades in one room. *If your child is registering with a friend in the same grade level and they would like to be in the same class, email extendedprograms@duchesne.org at the time of registration to make this request.

Ages: Entering 1st-8th Grades

Upper School Credit Offerings

**Intro to Java (Credit Course)**
A piping hot cup of Java might just be the most important step in your morning routine, but Java also happens to refer to one of many industry-standard programming languages utilized in Computer Science application! This intro course intends to provide students with a reliable foundation of computer science and the basics of programming in Java with a focus on problem solving and algorithm development. Prerequisites for high school students: Students must take: Digital Product Design, Maker’s Arduino, Intro to Robotics, Computer Science for the Curios, or Game Design before taking Introduction to Computer Science, because it is a console intensive course.

**SAT/ACT Preparation (Credit Course)**
College admissions testing can be intimidating, but it doesn’t have to be! This course will provide an overview of the SAT and ACT, helpful hints for taking each exam, and practice with questions from the different sections of the tests. Focus will be on test strategies and development of cross-conceptual skills to aid in thinking and application. Students will develop in their test-taking skills and will be ready to approach either exam with confidence.
